Women in Engineering Scholarship

Advancing
the role of
women in
mining

**\$8000
per annum**

**Second year
students**

Apply online

To become an ambassador for women in the mining industry and receive \$8000 per annum during your two final years of undergraduate study in engineering, apply for a Thies/Minerals Council of Australia Women in Engineering Scholarship.

The scholarship is open to all female second year engineering students studying in Australia.

Applications close November 20.
Apply online at www.thies.com.au
